FEATURING SPEAKER | ISABEL BROWN

Isabel Brown is an author giving a voice to Generation Z by breaking down culture's most important topics to thousands of viewers in a real-time, authentic format. She published her first book, *Frontlines: Finding My Voice on an American College Campus*, in 2021, sharing her encounter with radical leftism from the heart of America's university experience. Her new book makes a compelling case for why Generation Z may be the last hope to save Western civilization from the upside-down Left, and why we shouldn't write them off just yet. Isabel speaks regularly on high school and college campuses and to activism organizations worldwide and has collaborated with The Daily Wire, PragerU, Students for Life of America, and Live Action.
